- (1) As of September 30, 2023, the Company was authorized by the Board of Directors to purchase up to \$90 billion of the Company's common stock under a share repurchase program announced on May 4, 2023, of which \$15.9 billion had been utilized. During the fourth quarter of 2023, the Company also utilized the final \$4.6 billion under its previous repurchase program, which was most recently authorized in April 2022. The programs do not obligate the Company to acquire a minimum amount of shares. Under the programs, shares may be repurchased in privately negotiated or open market transactions, including under plans complying with Rule 10b5-1 under the Exchange Act.
- (2) In August 2023, the Company entered into new accelerated share repurchase agreements ("ASRs"). Under the terms of the ASRs, two financial institutions committed to deliver shares of the Company's common stock during the purchase periods in exchange for up-front payments totaling \$5.0 billion. The total number of shares ultimately delivered under the ASRs, and therefore the average repurchase price paid per share, is determined based on the volume-weighted average price of the Company's common stock during the ASRs' purchase periods, which end in the first quarter of 2024.
